

CAROLINA BARREIRO VALDEZ

• STEM Manager, IT educator and Digital Transformation Consultant •

ABOUT ME

I love to teach and share in order to motivate others to be the best version of themselves.

I am always eager to learn and improve on each try.

I help teams, communities, and companies to positively impact society with the help of a great ally: technology.

Passionate lifelong learner, PM specialist with expertise in Agile, Scrum, and DevOps technologies. +5 years of experience in both the IT & Software and EdTech Management fields.

EXPERIENCE: "GET THINGS TO DONE!"

MITxPro at Emeritus, Global and LATAM teams [April 2021 - present]

Course Leader and Learning Facilitator for Coding Certificate: Full-stack with MERN

- Introduced the transferable learning speech over the technical knowledge importance
- Gave constructive feedback to drive continuous improvement in our learners
- Provided self-confidence and empowerment messages to motivate participants

Red Hat Mexico [September 2020 - present]

Program Manager, Enablement Team

- Produced and executed a gamified agile training program to transform the LATAM's cross-functional team's ways of thinking and working
- Enabled and motivated the team to adopt tools that could maximize visibility and results
- Improved logistics, data analysis, and communication processes growing outreach and impact
- Demonstrated my passion to learn by constantly surpassing +25% the learning units asked per quarter

Ubits Learning [February - August 2021]

Academic and Field Expert, Digital and Tech Academy

- Awarded as an admirable academic expert by innovating in results and setting quality standards in the course content creation and delivery phases
- Produced more than ten hours of content for the IT & Software, and Product Management areas

Beautiful Patterns, MIT Open-source Project [May 2018 - present]

Ops and Communications Director | Instructor | Lead Web Architect and Developer

- Diligently directed cross-functional and transnational teams in Academic Delivery, Production, Ops, Mkt, and Outreach fields
- Shaped the official institutional communication strategy and design throughout more than three different social networks and other traditional media
- Delivered more than 50 class hours to +100 Hispanic Latino women all over the globe
- Coordinated the successful delivery of three different tech courses through our teaching platform and public access media
- Planned and shaped different scalable and sustainable architecture models for the official website, courses, and teams blogs
